

The Center for Advanced Studies In Science, Math, and Technology At Wheeler High School

Dr. Tiffany Stark, Director

March 2, 2010

The Center for Advanced Studies is changing the date of our Open House for accepted students. The new date for our Open House will be Wednesday, March 17, 2010. We apologize for any inconvenience this may cause.

I want to help you understand the reason for this change. We were made aware that on Tuesday, March 16 (the original Open House date), there is an Orchestra festival that is a requirement for all middle school students who participate in orchestra. We have a significant portion of our accepted applicants who play in the orchestra at their respective schools. Because the orchestra concert is a required school event, we did not think it would be fair to hold our Open House on the same night, forcing many of those students to miss it.

We want all of our accepted students to have the opportunity to make the most informed decision, and we believe that attending our Open House is a significant step in that process. We want to be sensitive to the needs and activities of our students, and for this reason we are making the change.

We look forward to seeing you at 6:30 pm on Wednesday, March 17, 2010.

Sincerely,

Dr. Tiffany Stark
Director
Center for Advanced Studies
